c. Slack communities

- **Join slack communities**
 - Build Backlinks
 - Rank Tracker
 - Optify
- **Ask for direct connection**

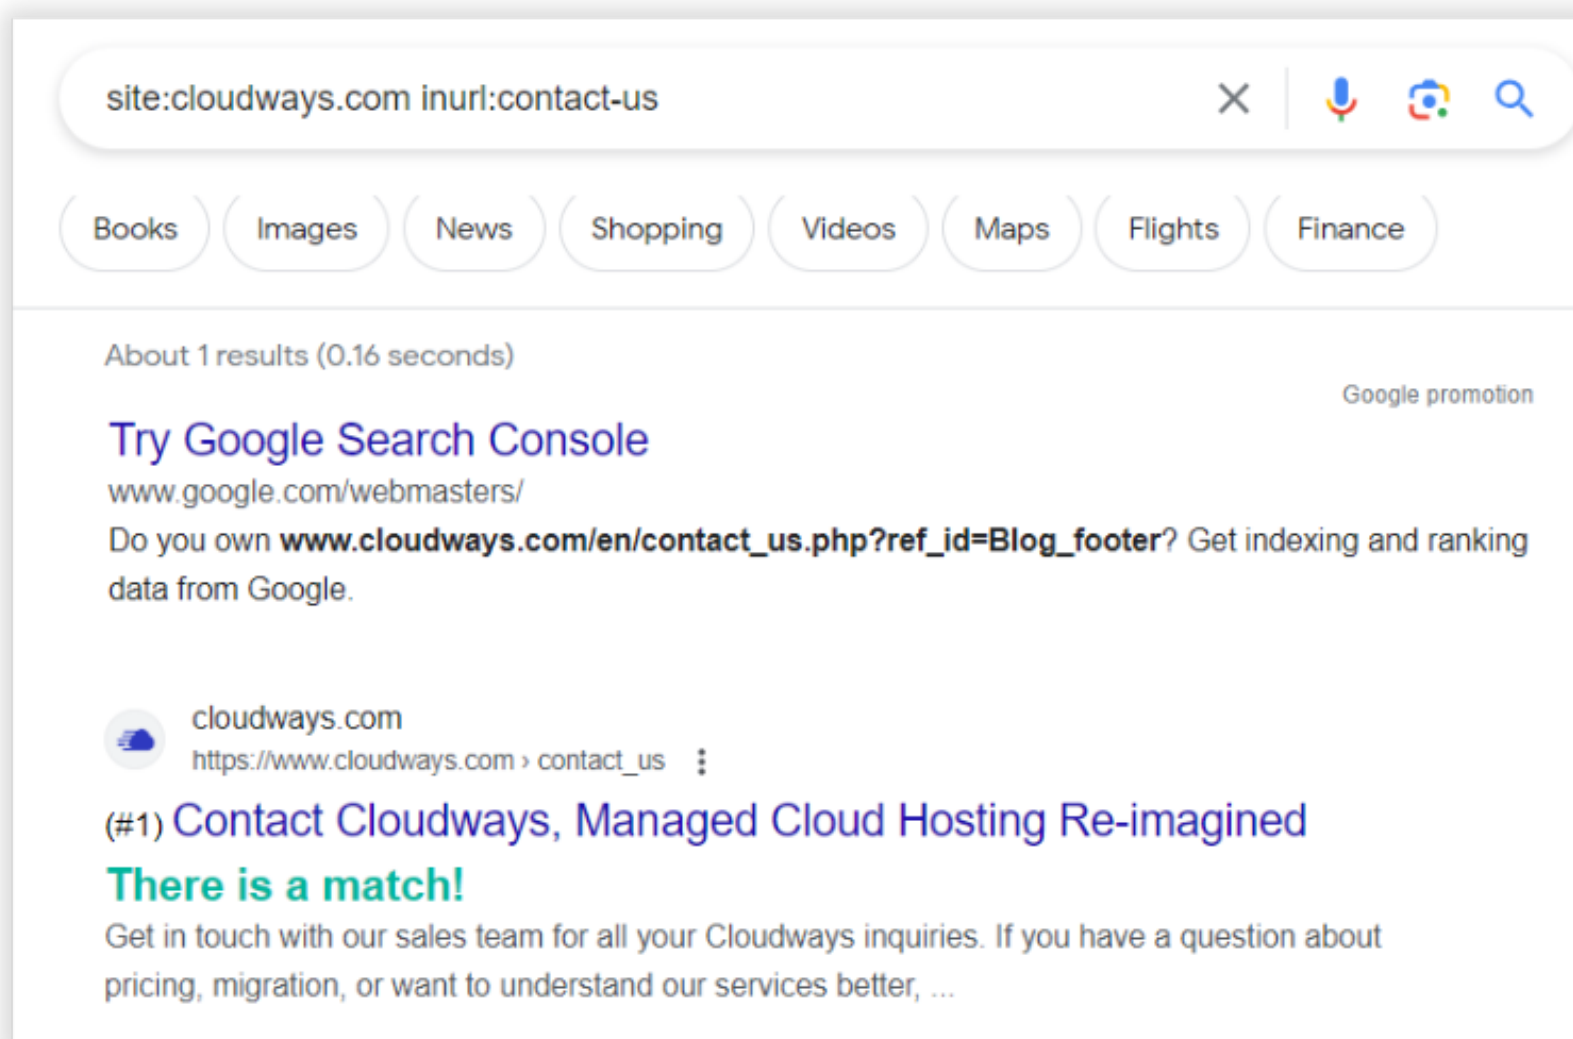

I need editor connection with cloudways.com and hostinger.com
Anyone here?

d. Site operators

When hunter.io doesn't work & you can't find a contact page on the site.

Use any of these site operators:

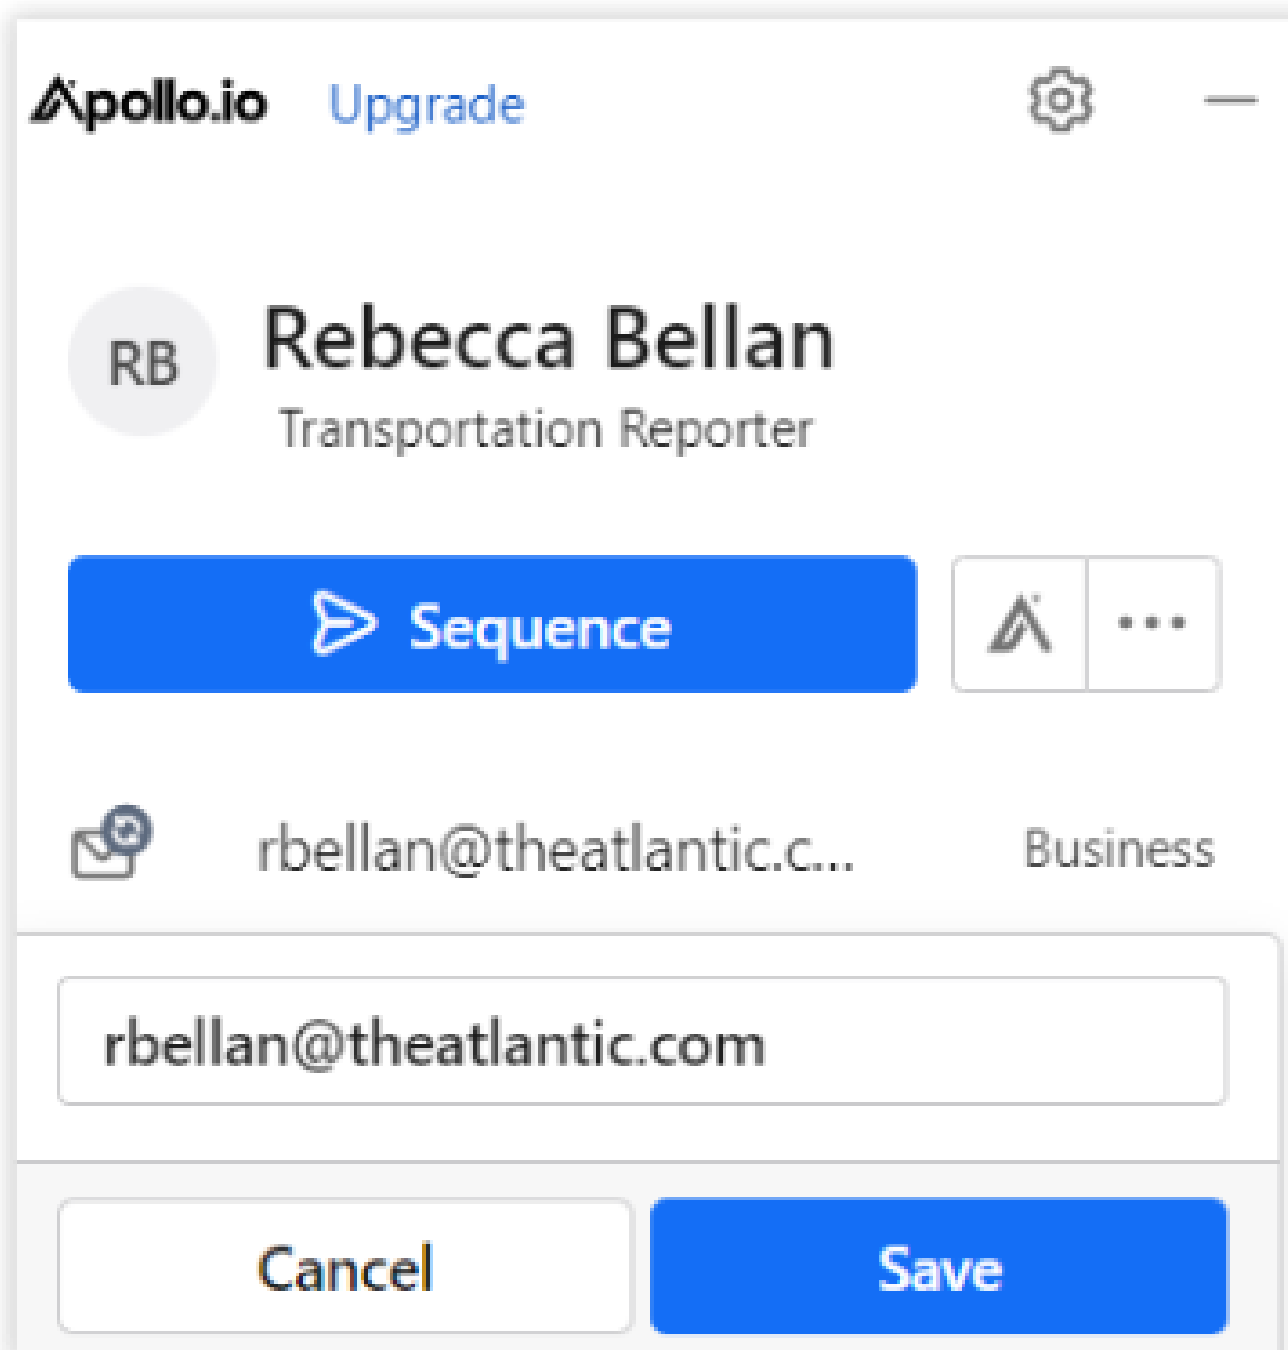

- **site:cloudways.com "gmail.com"**
- **site:cloudways.com inurl:contact-us**
- **site:cloudways.com "call us"**

e. Apollo.io

The tool finds out LinkedIn emails & contact details.

- Search the person on LinkedIn
- Switch on the apollo.io extension
- Click on view email address

Important note

Finding an email to outreach is the **easiest task** of all.

The toughest part is to **write great emails** that land you **backlinks**.

I will cover those in the next post.

Was that helpful?
